

THE TOWN OF PROCTOR VERMONT

Town Garage and Equipment

Seventy-Ninth

ANNUAL REPORT

Year Ending December 31, 1965

JOSEPH FRANCIS SHERLOCK
Selectman and Welfare Officer

We, the people of Proctor, in appreciation for your many services to the Town of Proctor are pleased to dedicate this Town Report to you.

Joseph Francis Sherlock, "Joe" as he is known to all of us, was born in South Royalton, Vermont, September 12, 1882.

After graduating from South Royalton High School he attended the University of Vermont and then taught school in Sharon and South Strafford, Vermont.

In 1906 he came to Proctor to start work for the Vermont Marble Company. After 46 years of continuous faithful service he retired in 1952.

In 1907 he married Grace Evelyn Robinson. Two children, Merrill Francis and Marjorie Grace were born of this marriage.

In 1930 "Joe" was elected a Selectman of the Town of Proctor and appointed to serve as Welfare Officer. He has served our town in these positions conscientiously and faithfully through the many intervening years.

May the record of his service to Proctor be an incentive to those who will serve our town in the future.

SELECTMEN'S REPORT 1965

The year 1965 will, no doubt, be remembered as the year of the Town garage fire. On May 16, 1965 the Town garage, including all trucks and equipment, was completely destroyed by a fire caused by lightning. This event had a considerable effect on Town affairs and numerous changes and adjustments were required in the conduct of business during the balance of the year.

We wish to particularly thank our insurance agent, Mr. C. F. Thomas, and the local insurance adjuster, Mr. Barry, for their helpfulness and interest in promptly processing all insurance claims. The Town of Proctor received the maximum benefits possible under our policies and the Selectmen were able to enter orders for replacement trucks, plows, equipment, etc., without delay and well in advance of the winter season. Our thanks also to Mr. Chester Peterson for his cooperation in making his truck available to the Town while awaiting delivery of the new trucks.

A new all-steel garage was purchased and erected at the old site for a cost of \$16,000.00. After the fire a site survey was conducted by the Selectmen, resulting in their recommendation to rebuild at either the Reynolds and River Street location or adjacent to the Village Sewage Disposal Plant with the latter site being favored by the Selectmen for long range planning purposes. A special committee, elected at the special Town meeting to investigate this matter further, confirmed the Selectmen's original recommendations and by ballot it was voted to rebuild at the old site.

Other items of special interest that also occurred during the year were:

Civil Defense Field Hospital and supplies stored in High School basement were relocated in the new Town garage because of demands for space at the school.

The voters in the Town of Proctor, outside the Village, for the second time rejected the proposed merger of the Town and Village. The consolidation act was, however, approved by voters of the Village of Proctor and by the combined Town and Village vote.

The proposal to consolidate the Town of Proctor and Village of Proctor is again being placed before the voters under the 1965 Plan and it is our sincere hope that the voters approve the merger.

The Proctor High School Graduating Class of 1965 dedicated their Year Book to the Town of Proctor. We hereby acknowledge with thanks this expression of confidence from our community.

Financially, our year ended with a balance of approximately \$600.00 in the Town General Account.

Once again we wish to acknowledge our thanks to all Proctor residents for their cooperation and understanding in the problems faced in the conduct of Town business. Also to our local highway crew and Mr. John Durkee, district highway engineer and his staff, who have been so helpful and cooperative on our road maintenance and improvement.

The Selectmen continue with their regularly scheduled meetings each Thursday at 7:00 P.M. and we urge all citizens to present their problems, comments and suggestions to the board at such times.

JOSEPH F. SHERLOCK,
PAUL P. GALLUS,
WARREN A. McCULLOUGH,
Selectmen.

WELFARE REPORT 1965

Again, the Welfare needs of our people have been mostly taken care of by available Social Welfare Benefits and local gifts.

Government Surplus Commodities were delivered monthly to approved families.

I send my thanks to the Welfare Officials in Montpelier and Rutland and to the people of Proctor for their helpful and courteous assistance.

Respectfully submitted,
JOSEPH F. SHERLOCK,
Overseer of Poor.

HIGHWAY REPORT

1965

The year 1965 proved to be a year of tribulation to the Highway Department. Due to the Town garage fire, Town trucks and other equipment were not available during the peak summer activity thus necessitating many adjustments, rentals and rescheduling of work.

Before detailing highway and road work completed in 1965, it perhaps would be well to review and familiarize ourselves with the operational design of the highway program and how moneys are received and spent. Basically speaking, the roads are divided into two general classifications known as "State Aid Highways" and "Town Roads."

In our case, the State Aid Highway starts at the Center Rutland town line (near Castle) and runs north through Proctor along Florence Road to Florence town line (near Hancsarik farm). Included in this category is the State Highway Connecting Link, Route 3, from Village line (South Street) north on East Street to Pittsford town line (Newton Street).

Moneys received for use on State Aid Highways are derived from appropriations set up by Legislation based on 2 1/2c from the motor fuel tax and given annually to towns for construction or betterment of such highways. According to current formula being used, present state allocations to Proctor are as follows:

For construction or highway improvement	\$2,926.72
Additional available if matched by town on 21-basis	2,000.00
Town's share if above is accepted	1,000.00
Total	\$5,926.72
For surfacing or retreatment	\$3,100.00
Town must match State on 1/2 basis	1,550.00
Total	\$4,650.00

Under certain conditions the state will provide extra funds for surfacing and retreatment also to be matched by the town on a 1/2 basis.

In addition to the above, the state also provides the town with \$860.00 for winter maintenance on State Aid highways and \$700.00 for the Connecting Link on Route 3.

It is important to remember that the above funds can only be used on State Aid highways and cannot be utilized on our town roads.

The "Town Roads" in Proctor are all the remaining roads and streets. The state allocates 2c per gallon from the motor fuel tax to help towns on such road maintenance or construction. Distribution to towns is based on mileage and towns must spend at least \$50.00 per mile from its own funds to qualify. Proctor receives \$2,718.06 for this purpose with an additional \$254.50 for winter maintenance or a total of \$2,972.56.

In the past it has been the practice to utilize state funds primarily on our Town roads with little or no contribution from the Town of Proctor. If the Town roads are to be properly maintained and improved to meet today's increased demands, it will be necessary for us to consider additional appropriations for this purpose on our future highway budgets.

In brief, work projects completed on "State Aid" highways during the summer of 1965 were as follows:

(a) Approximately 1/5 mile rebuilt on West Proctor road near castle. Total cost of this project amounted to \$6,276.82 with the state contributing \$4,926.72 and the balance of \$1,350.10 paid by the Town.

(b) Portions of the Florence Road and West Proctor Road were levelled with bituminous concrete and grader mixed with pea stone and asphalt. Total cost amounted to \$4,919.91 with the state contributing \$3,279.94 and the Town's share of \$1,639.97.

Construction and resurfacing work completed on "Town Roads" amounted to a total of \$5,157.07. Total cost to Town amounted to \$939.01 since state's allocation was \$2,718.06 and

Vermont Marble Company paid \$1,500.00 for Chatterton Park Extension per agreement.

Details of "Town Road" projects are as follows:

(a) Reynolds, River, Grove and Center Streets were patched and paved with a 3/8" hot mix overlay for a cost of \$963.71.

(b) Olympus Road was patched and sealed with grits and asphalt for \$245.68.

(c) Pleasant Street was patched and sealed with grits and asphalt. Eden Avenue was rebased with 15" bank run gravel and treated with peastone and asphalt and included installation of catch basin, junction box and culvert pipe. Cost for these two projects amounted to \$2,027.21.

(d) Chatterton Park Extension work included new culverts, catch basins, storm grates, regrading and surfacing with 3/4" peastone, 3/8" grits and asphalt. Total cost amounted to \$1,920.47 including Vermont Marble Company share of \$1,500.00.

It would be well as this time to review in some detail the actual conditions of our roads and highways and what will be required in the near future. Our roads were good enough for travel several years ago but with heavier loads, more traffic and faster vehicles they do not meet present requirements in many respects.

With reference to "State Aid Highways," current plans are to continue the West Proctor road project started near the castle and work northward since this appears to be the most critical area. This section, to Capen's farm, is treacherous due to a series of narrow blind curves, hills and dips.

In the near future, major repair work will also be required on the Florence Road section starting at the Pleasant Street intersection and going northwest to Beaver Pond. Portions of this road were built with large marble blocks and waste for a wall and this is slowly giving way to frost heaves, settling of material between stones, heavy loads, etc. This section also contains a number of blind dips and curves which will need to be cleared.

The remaining sections of the "State Aid Highways" appear to be in fairly good condition and in general will require only routine repairs and maintenance. Some replacement of base will be necessary as well as straightening of curves and filling dips.

The "Town Road" areas needing immediate attention are Gorham Bridge Road, Beaver Pond, Garden Street, Newton Street, Green Square and portions of Park Street and Chatterton Park. The Gorham Bridge Road in particular is in critical condition with the road bed being inadequate, narrow and very rough. Cost estimate, resulting from a recent survey with the District Highway Engineer, indicates that approximately \$14,000.00 will be needed to replace base, install culverts, widen, remove blind curves and resurface the Gorham Bridge Road. The Selectmen recommend that this work be placed over a two year period and an article has been placed in the Town Warning to this effect.

Net Cost to Town		\$208.80

The Village Trustees joined with us in the purchase of a Tractor Mower for more economical and improved mowing of the cemetery and parks. The cemetery one-half share of the mower was paid for directly from the Cemetery Savings Account.

Our Riverside Cemetery is in the preliminary stages of improvement, as the Cemetery will eventually be the Cemetery of the future.

The section reserved as the Catholic Cemetery has been approved by the Roman Catholic Diocese of Burlington and St. Dominic's Parish of Proctor and will be operated by the Riverside Cemetery Commissioners.

The Commissioners recommend an appropriation of \$500.00 for care and maintenance of grounds and trees for 1966 and plan to ask for an increase in appropriation in 1967 to begin beautification of the grounds and improvements to the roadway.

Commissioners.	

TREE WARDEN'S REPORT 1965

This year about ninety trees were removed. About forty per cent of these were removed along the Florence Road, since they were a detriment to highway safety. Nine trees were removed below the Mead residence, in order to widen the road. Thirteen elms were cut down because of the Dutch Elm disease. Two elms were removed because of canker (bacterial disease). The remaining trees were taken out because of badly decayed area. This year, there were the fewest number of elms cut down because of Dutch Elm disease. With more plentiful fall rain, a good snow cover, and with hopes for a more normal rain fall, this year, I believe there will be an improvement in our tree situation.

Eleven stumps were removed between sidewalks and roads, or where stumps were too close to sidewalks, in order to facilitate snow removal, and to prevent damage to snow equipment. It is hoped that there will be some money left to take out stumps on lawned areas where we have removed trees.

We are now in the stages of planning a tree planting program. I am suggesting "Tailored Trees" and decorative trees. This type of tree would keep tree maintenance costs at a minimum, in future years.

This is my first year as tree warden. I do wish to thank the Town's people for being so cooperative.

Respectfully submitted,

HILMER T. JOHNSON, Tree Warden.

PROCTOR TOWN MUNICIPAL FOREST

During 1965 twenty acres of timber stand improvement work was marked and completed under the Agricultural Stabilization and Conservation Program. This work, consisting of girdling cull hardwood trees to release desirable species, was completed by local high school boys under the direction of a professional forester.

EUGENE E. KEENAN, Municipal Forester,
State of Vermont,
Department of Forests and Parks.

FIRE WARDEN REPORT

1965

The year 1965 will go down in the history of Proctor as one of the dryest on record. Woodlands were tinder dry during the spring and summer months, yet no fire occurred.

We appreciate the factor that people can be careful if called on to do so.

May we continue to be ever so alert in the coming year.

Respectfully submitted,

STANLEY ZYZA,

Fire Warden.

AUDITORS' REPORT

We have verified the existence of stated cash balances, examined the accounts and records of Town officers and the Treasurer of the Proctor Free Library, and to the best of our knowledge, the statements and reports of receipts and disbursements of December 31, 1965 are correct.

SIDNEY JONES 1966

JOHN C. HALEY 1967

WILLIAM B. SHANNON 1968

VERMONT STATE DEPARTMENT OF HEALTH

ANNUAL TOWN REPORT, 1965

This is a report to the residents of your town describing the health services which have been rendered during 1965 (July 1, 1964-June 30, 1965). These services are carefully planned so that maximum benefit may be gained from each tax dollar. For instance, one clinic may serve many towns if the number of patients is small. On the other hand, when a service is needed in town, we make every attempt to provide it.

I invite you to discuss this report with your friends and health officer and I would welcome any impressions which you care to forward to me.

The following is a list of some of the health services to the residents of Proctor:

Attendance at well child clinics	297
Nutrition, dietary consultations to institutions, groups, individuals	2
Pediatric consultations for child health problems
Number of children given diagnostic service at hospitals
Number of children aided at handicapped children's clinics for speech and hearing, orthopedic, plastic, neurological, cardiac problems	9
Number of children financially aided with hospitalization	1
Number of children served by mental retardation clinics	1
People x-rayed for tuberculosis detection	16
Diphtheria, Tetanus, Whooping-cough immunizations	115
Polio immunizations (Salk injection or Sabin oral) at clinics	209

Number of water samples tested (private and public supplies)	67
Food and dairy products tested
Blood specimens (premarital, prenatal and other)	98
Other laboratory specimens	50
Sanitary inspections, consultations (food and lodging, camps)	9
Water, sewage disposal, public buildings and other inspections	24
People x-rayed for occupational diseases	5
Hospital and nursing home inspections and consultations	1
Number served by tumor clinics	1
Public Health Nurse home visits	111
Number served by Public Health Nurse visits	64

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.,
Commissioner of Health.

HEALTH OFFICER'S REPORT

The annual Vermont State Department of Health report describes the various activities undertaken by our town.

It is comforting to know that so many services are available to the public. One item not mentioned is the availability of live measles vaccine. It is now possible to obtain this item through your physician, free of charge except for the office call. In the near future it is possible to envision the end of measles as a serious menace to the health of our younger citizens. Anyone who has cared for a child seriously ill with measles can readily understand what a blessing this will be.

Contrary to what many would like to believe, T.B. is still with us. Every means at our disposal should be employed to keep the number of new cases at a minimum. The state nurses assigned to this phase of Public Health are ready and willing to assist anyone in need of x-rays or examination.

Our water reports did not meet the high standards set in previous years. Hopefully I like to believe that this may be due to the change over in the water department. More specimens and from different sources will be submitted this coming year and every effort made to correct the situation.

Every year I take the liberty to digress from the subject of health reports and wander into the land of a pleasantly peaceful mind. For instance, do you remember when: milk did not come in bottles or cartons—the milk man poured the amount you wanted into your container and if you were young and good looking, threw in a pint or so for good measure.

Most of the meat was sold from a meat cart—a raw frankfort or a slice of baloney kept the small fry happy and established a pleasant relationship between the meat vendor and the housewife.

Castor oil was the first line of defense in the never ending war against disease. It was used with equal effectiveness for everything from dog bite to poison ivy. If that failed, then, and only then, was a physician consulted. For those fortunate enough not to present signs of an impending fatal illness, castoria or syrup of figs were substituted.

Antibiotic and the sulfa drugs are relatively newcomers in the war against acute upper respiratory diseases. Previous to their arrival the line was held in sturdy fashion by the chest rub without equal: Turpentine and Lard, rubbed on nightly—fore and aft—assisted by a tight fitting pneumonia jacket. It killed patient and pneumonia without discrimination or partiality.

Camphor enjoyed a certain vogue, wrapped in a little cloth bag suspended from the neck by a string—it was supposed to ward off coughs and colds. There is a certain rationalizing to their belief—mainly—the camphor kept your neighbor at a distance, and you at a distance from your neighbor—Tit for Tat—you might say.

We had a fish man, now gone these many years, to his reward or punishment as the case may be, who delivered fish from a fish cart. I have never been able to determine where or how those denizens of the deep came by their strange and exotic flavor. Was it the long absence from the watery deep—without benefit of ice or refrigeration, or the generous sprinkling of tobacco juice that accidentally fell on the fish when our fish monger spoke or spat.

Now, I ask you, do you long for the good old days?

Respectfully submitted,

H. J. FREGOSI, M.D., F.A.C.A.,
Health Officer.

VERMONT DEPARTMENT OF SOCIAL WELFARE
MONTPELIER, VERMONT

This thirtieth in the series of annual reports submitted to the people of Proctor presents tabulations for the calendar year 1965. In the Department of Social Welfare's program of assistance to the aged, blind or disabled 30% of the costs of hospital and physician services, as well as the excess over \$80.00 per month in Nursing Home care, are assessed against the town of settlement of the recipients of such care. Participation charges incurred by your community during the past year for each of these types of care were as follows:

Nursing Home Care	\$487.86
Hospitalization Services	\$431.43
Physician Services	\$33.90

Under similar settlement provisions town participation in the program of Aid to Families with Dependent Children is at the rate of one-eighth the assistance grants while costs incurred for the care of Committed Children are borne equally by the local and state agencies. Charges assessed against your community for the former amounted to \$160.63 and for the latter \$982.20 for the year just closed.

During 1965 assistance was granted to 10 residents in your community under the Aid to the Aged, Blind or Disabled program. Direct money payments to these persons were financed entirely out of state-federal funds. Among the other programs financed from these same sources were Services for the Blind, Adoption Services and Medical Aid for the Aged. While no town-by-town records are compiled for these categories, their benefits were available to all qualified residents.

Respectfully submitted,

JOHN J. WACKERMAN,
Commissioner of Social Welfare.

PROCTOR AND PITTSFORD TOWN DUMP

An attendant will be on duty during the hours in which the dump is open. Please follow his instructions, open and closing hours and regulations.

Hours

APRIL 1st to OCTOBER 31st

Monday thru Friday	1 P.M. to 7 P.M.
Saturday	8 A.M. to 7 P.M.

NOVEMBER 1st to MARCH 31st

Monday thru Friday	1 P.M. to 5 P.M.
Saturday	1 P.M. to 5 P.M.

Will be closed all day on Sundays, New Year's, Memorial Day, 4th of July, Labor Day, Veterans Day, Thanksgiving and Christmas.

Rules and Regulations

1. "Refuse" must be put only in area designated by attendant.
2. Loose and burnable papers to be put into the incinerator.
3. Automobiles, sludge from cesspools, dead animals or waste from them are prohibited.
4. Except during regular hours no one is permitted to enter premises.

Above to be effective May 1, 1964

Per order of: Proctor Selectmen
Pittsford Selectmen

Note: Please Keep This Notice In Your Home For
Future Reference.

- WARNING -

The legal voters in Town Meeting of the Town of Proctor, Vermont are hereby notified and summoned to meet at the Village Hall in the Village of Proctor on Monday, the 28th day of February, 1966, at 7:30 P.M. to vote on the following matters, to wit:

1. To hear and act upon the reports of the Town Officers.
 2. To see if the Town will empower and authorize the Selectmen to appoint one or two commissioners.
 3. To see if the Town will vote to appropriate money for the care and embellishment of the Riverside Cemetery, and if so, how much?
 4. To see if the Town under the provisions of Section 141 of Title 22 VSA will vote to contract with the Proctor Free Library to furnish books to inhabitants of the Town free and to appropriate money therefor.
 5. To see if the Town will vote to raise more than twenty cents on the dollar highway tax as required by law, and to take advantage of the provisions of Chapter 1, Title 19 VSA.
 6. To see if the Town will vote to raise money by taxation or otherwise to pay current expenses, such State taxes as are required by law and the indebtedness of the Town.
 7. To see when the taxes voted and State taxes assessed shall be payable.
 8. To see if the Town will vote to accept the provisions of Article 2 of Sub Chapter 4, Chapter 133 of Title 32 VSA, for the collection of taxes by the Town Treasurer.
 9. To see if the Town will vote any compensation to Town Officers.
 10. To see if the Town will vote to defray expenses of surety bonds where bonds are required by law.
 11. To see if the Town will vote to concur with the Village for a joint Budget Committee.
 12. To see if the Town will vote to sell one or more of the Town Houses located at 16-18-20-22-24 Elm St. at a price to be determined by the Selectmen, and if so voted, to appoint an agent to deed the same.
 13. Will the Town instruct the Auditors of the Town to employ the services of an accountant from the office of the Auditor of Accounts as provided in Sections 1693-1697 of Title 24 VSA to conduct an audit of the accounts of the Town?
 14. Will the Town vote to appropriate the sum of \$150.00 to be used with State and Federal funds in controlling the spread of White Pine Blister Rust?
 15. To transact any other business that may legally come before said meeting.
- At the close of business, the meeting so started shall be adjourned by the Moderator until Tuesday, the 1st day of March, 1966 at 1:00 P.M. at the Village Hall in the Village of Proctor, to vote on the following matters, to wit:
1. To elect by ballot, a Moderator, Town Clerk, Treasurer, a Selectman, an Overseer of the Poor, a Lister, an Auditor, a First Constable and a Second Constable, a Collector of Taxes, a Grand Juror and a Second Grand Juror, a Town Agent, and a Cemetery Commissioner.
 2. To vote by ballot on the following questions:
 - Shall licenses for the sale of malt and vinous beverages be granted in the Town?
 - Shall spirituous liquors be sold in the Town?
 3. To determine by ballot whether the Town of Proctor will approve merger under the Plan of Merger approved by the legislative bodies of the Town of Proctor and Village of Proctor, and January 20, 1966 and filed in the Town of Proctor Records in Vol. 5 at Page 128, and in the Village of Proctor Records in Vol. 3 at Page 21.
 4. To determine by ballot if the Town will authorize the rebuilding of Gorham Bridge Road, formerly from Klebeck's store to Gorham Bridge at an estimated expense of \$14,000.00 to be done and paid for over a period of two years, which expense is in addition to the recommended budget.
 5. To determine by ballot whether the Town will authorize the Selectmen to concur with the Officers of the Village of Proctor and contract for the Employee Pension Trust Retirement Program submitted to the Town of Proctor and Village of Proctor by Connecticut General Life Insurance Company in January, 1966.
- Rolls will be open at the adjourned meeting from 1:00 P.M. to 6:00 P.M.

JOSEPH F. SHERLOCK,
PAUL P. GALLUS,
WARREN A. McCULLOUGH,
Selectmen.
